Location: Haripur Hazara, Pakistan

PROFILE

Aspiring software engineering student with a keen interest in innovation and passion for crafting innovative web and mobile applications. With hands-on experience in programming languages and technologies, including **C/C++**, **Dart**, **Flutter**, **MySQL**, **NoSQL**, and **Firebase**. Seeking to leverage technical expertise and problem-solving skills to contribute to dynamic projects and foster professional growth within a collaborative and fast-paced environment.

EDUCATION

Pak-Austria Fachhochschule: Institute of Applied Sciences & technology (PAF-IAST)

Haripur Hazara, Pakistan

Bachelor of Science (BS) – Software Engineering; Current Semester: 5th, CGPA: 3.2

Study Period: Oct 2022 – July 2026

Peshawar Model Degree Colleges (PMDC)

Haripur Hazara Campus, Pakistan

Higher School Studies (FSC) – Pre-Engineering; Grade: A+

June 2020 – July 2022

SKILLS SUMMARY

- ❖ **Proficient in:**
 - **Languages:** C/C++, Dart
 - **Framework:** Flutter Development
 - **State Management:** GETX, BLOC
 - **Database Management:** MySQL, NoSQL
 - Data Structures & Algorithms
 - Firebase Integration
- ❖ **Familiar with:**
 - **Languages:** Javascript, Python
 - HTML
 - CSS
 - ReactJS
- ❖ **Personnel Skills:** Critical Thinking, Problem Solving, Decision Making, Time Management, Leadership, Communication Skills.

WORK EXPERIENCE

FLUTTER DEVELOPER | INTERN | THE SPARK FOUNDATION | [CERTIFICATE](#)

June 2024 – July 2024

- Developed cross-platform mobile applications using Flutter.

FLUTTER DEVELOPER | INTERN | CODE ALPHA | [CERTIFICATE](#)

July 2024 – Sep 2024

- Continued to enhance mobile app development skills with Flutter with focus on GETX, BLOC and Firebase Integration.

WEB DEVELOPER | INTERN | CODSOFT | [CERTIFICATE](#)

Jan 2024 – Feb 2024

- Gained experience in creating web applications using HTML, CSS, and JavaScript.

PROJECTS

Ecommerce App with Admin Panel in Flutter & Firebase as Backend |Flutter | [LINK](#)

- Developed an e-commerce app to provide a seamless online shopping experience for users.
- Built a cross-platform mobile app using Flutter and integrated a robust backend using Firebase.
- Enabled users to conveniently browse, purchase, and track their orders, contributing to increased online sales.

BuddyAI – A Personal Virtual Voice Assistant App | Flutter | [LINK](#)

- Developed a personal AI assistant to provide users with quick and efficient information and task assistance.
- Implemented a Flutter-based mobile application that utilizes OpenAI's API to process natural language queries and generate relevant responses.
- Enhanced user productivity by streamlining tasks and providing timely information through voice-activated commands.

Sorting Visualizer | Javascript | [LINK](#)

- Create a visual tool to help users understand and learn various sorting algorithms.
- Developed a web-based application using JavaScript and React.js to visualize the sorting process step-by-step.
- Provided an interactive learning experience that aids in comprehending the logic and efficiency of different sorting algorithms.

SRS Document – Learning Management System | Software Engineering | [LINK](#)

- Developed a Learning Management System (LMS) to streamline the training and education process for PAF-IAST personnel.
 - Implemented a robust LMS platform that includes features such as course management, student enrollment, assignment submission, and online quizzes.
 - Enhanced the efficiency of the training process, improved knowledge retention, and facilitated remote learning opportunities for PAF-IAST personnel.
-

E-COURSES

Google IT Automation with Python by Google career Professional certificate | Coursera | In-Progress

- **Courses Completed:** Crash course on Python, Using Python to interact with operating systems
- **Skills Gained:** Python, Gradio, Numpy, scripting, Task Automation, Workflow Automation

Google Data Analytics by Google career Professional certificate | Coursera | In-Progress

- **Courses Completed:** Foundation Data, Data Everywhere, Asks Questions to make data-driven decisions
 - **Skills Gained:** Data Analysis, Data-Driven Decision making, Data Visualization, Data Interpretation, Spreadsheets, MySQL
-

LANGUAGES

- English
